

Kansarka sambabkayga waxaa la i qabtay goor hore kahor intaanan yeelan wax calaamado ah

**Baaritaanka Kansarka Sambabada
wuxuu naga caawiyaa inaan ka
hortagno kansarka sambabada - ka
hor inta aysan calaamaduhu bilaaban.**

Taasi waa sababta NHS ay u siinayso dadka da'doodu u dhaxayso 55-74 kuwaas oo waligood cabbay baaritaanka sambabada si loo hubiyo in wax walba ay fiican yihiin.

Wixii macluumaad dheeraad ah booqo:

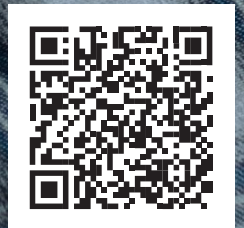

www.nhs.uk/conditions/lung-health-checks ama iskaan-garee lambarka QR

Waxaan dareemay fiicnaan... laakiin weli waxaan qabay kansarka sambabada.

**Taasi waa sababta NHS ay u siinayso
dadka da'doodu u dhaxayso 55-74
kuwaas oo waligood cabbay
baaritaanka sambabada si loo hubiyo
in wax walba ay fiican yihiin.**

Fursaduhu waa inaad fiicnaan doontaa
laakiin haddii ay tahay kansar, qaadista
hore waxay samayn kartaa farqi weyn.

Way ii samaysay aniga

**Qaabashada kansarka
sambabka hore waxay sameyn
kartaa wax badan oo isbeddel
ah.**

... Way ii samaysay aniga
